King and Queen Expected to  
Inspect Collection This  
Forenoon.

An exhibition of Belgian art, under official patronage and for the benefit of the Belgian War Orphans, was opened yesterday at the American Art Association galleries. It is expected that the King and Queen of the Belgians will inspect the collection this morning at 11 o'clock. Many pieces of art and furniture from American owners are also being shown there in a separate exhibition and will be sold at an auction which begins October 28.

The Belgian artists include G. Flamen, Pierre Nuytens, Baronne Cassier, James Thieriax, A. Bastien, Maurice and Paul Hagemans, Charles Houben and Trombours.

Mr. Nuytens, who is already known here, is represented by a number of his fine and graceful figure paintings. Some of the larger prints in color, have a patriotic and symbolic character, typifying Belgium's trials, fortitude and also her gratitude to the world. Some of the smaller, more delicate and flexible talent, shows a number of oils, among which there is not only the heroic figure of a soldier, but also a sketch of a cowboy activities in the American Far West.

Two exhibits of special collectors' interest are the Peace Program of Versailles and the complete issue of *La Libre Belgique*, the forbidden Belgian newspaper. The peace programme contains the autographs of the great celebrities of the historic conference, such as President Woodrow Wilson, Lloyd George, Clemenceau, Paderewski, Venizelos, Bonar Law, Cambon, and others. Of *La Libre Belgique* there are said to be four complete sets in existence. Both of these rare items are to be sold to benefit the Belgian orphans. The exhibition includes many pieces of lace, some of it of the finest description, and other works of art. It remains on free view to the public until October 28.

The furniture auction, which is the first of the season at the American Art Association, is extensive and varied. The pieces have been carefully assembled for exhibition purposes and the galleries have the aspect of rooms in luxurious homes. There are salons, bedrooms, dining rooms and libraries, and they are all complete.

There is quite an imposing bedroom suite in rattan and old rose damask, and a second suite in blue. There are dinner services in Haviland, Dresden and Saxe porcelain, and sets of Clinton, Cauldon, Davenport, Limoges and Wedgwood plates. Many of the wine sets are in colored glass. The exhibition includes tapestries, vases, boxes and desk sets.

One of the large gilded mirrors is of the seventeenth century Spanish work, made in Italy during the reign of Philip IV. It represents the maximum of gilded carving and the minimum of actual mirror. But it is very decorative. There are also bronzes and mirrors in Italy. The gilded vases, themselves works of art of a bygone age, contain many beautiful figure groups in porcelain and among the most charming is an article of the same kind. Among the paintings is one signed by a name that occurs frequently in the history of French art—that of Horace Vernet. It represents a man of letters, his coat from a pack of trampled wolves.

## MERIT IN FINAL ALLEGRO

Handel's D Major Sonata and  
Bach Numbers Heard in  
Aeolian Hall.

Cecil Burleigh, an American violinist and composer, gave a concert in Aeolian Hall last evening. The central number of the program was Mr. Burleigh's second violin concerto. His first was performed here last evening by Maximilian Roes, a young violinist who was not sufficiently skillful to give an adequate interpretation. His "Ascension" sonata for violin and piano was produced three or four years ago by Mr. and Mrs. Manes. Some of his shorter pieces have been heard from time to time and a group of them finished last evening's hearing.

Handel's D major sonata and two short Bach numbers were also on the list but their delivery need not be considered, for doubtless Mr. Burleigh would be the last to wish his violin playing to be judged to the standards of the modern virtuoso. He is a workmanlike player, and that must be the summary. The new concerto betrays the new too common desire to be early American. It is in fact, a very good violinist.
